By far the easiest way to get to Tortuguero is to have us take you there. Talk to your travel planner about arranging transportation or buy a complete package that includes round trip transportation, lodging, excursions and meals. If you are interested in booking a complete package, please click here, [Complete Packages](#) or look on [www.tortugalodge.com](http://www.tortugalodge.com).

If you are driving on your own to the La Pavona dock en route to Tortuguero, driving instructions are below. Even with these directions, there is a good chance you will get lost if you do not have a GPS. By far the best is EZ Find. There are no addresses in Costa Rica. The GPS operates by points of interest. Go to the Points of Interest on the menu and put in where you want to go. For example, “La Pavona”.

Driving instructions are below, please print them out and after you’ve used them, let us know how it went. We’d love to make it easier for the next guest to follow these instructions.

**Note:** Road signs and directions in Costa Rica go by kilometers and not miles. One kilometer is just over half a mile. Some benchmarks for doing quick and dirty conversions are below:

1 km = 0.6 mi

3 km = 1.8 mi

5 km = 3 mi

10 km = 6 mi

**Total Driving Time:** 4.5-5 hours depending on traffic

**Driving Recommendations:** When on Route 32 you will be driving on a highway that is one of the major points of transit for heavy trucks going back and forth from the Limon dock. Drive carefully and expect large trucks to be traveling at high speed either in oncoming lanes or behind you.

When you leave Route 32 (step 16), you will be on an isolated road, we recommend that you do not stop for hitch hikers or any other people on the side of the road.

Watch for people walking or riding their bikes on the side of the road. Also watch for tractors with trailers turning onto the road with a load of pineapple, oranges or sugar cane.
