

WISPA SPA

Patuá word: "Whispers"

Tortuga Lodge

TREATMENTS

Deep in its water-filled canals, we encounter the most beautiful and magical whispers that we could hear as the imposing lizard enters the water in search of its prey. Thus, WISPA takes us to a world of sounds that transport us to a natural balance of body, mind and spirit, achieving a rebirth from the depths of our being.

WISPA was born from the Afro-Caribbean culture, where its name is intertwined between the sea and the canals, the majesty of the turtles and the unique biodiversity of the area.

Our highly trained therapists are committed to excellence, enthusiasm and pride in providing personalized service. Our therapies combine ancient techniques with natural and organic products that provide balance.

We invite you to enjoy our floating spa, where movement and whispers immerse us in a unique experience.
